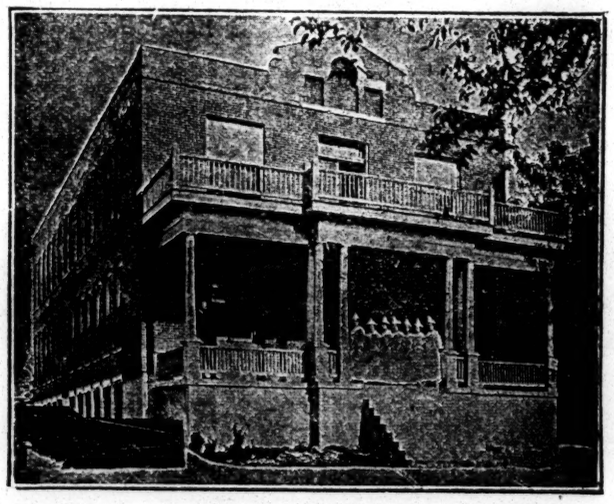
Hospitals and Nurse Training Schools - 1914.

THE OLD FOLKS HOME AND HOSPITAL

The Christian Index

PERHAPS our editorial in last week's issue on the Hospital at Memphis will cause some little surprise, not that it is not generally known that the church had undertaken such a worthy enterprize, but in the real success attending the sacraficing efforts of those who have given themselves unreservedly to the work. If the people in the bounds of the patronizing conferences, viz.,



COLLINS CHAPEL OLD FOLKS HOME AND HOSPITAL, MEMPHIS

West Tennessee, North Mississippi, Arkansas and Little Rock, could realize the magnitude of their undertaking, the progress already made and the wonderful opportunities before them, a new interest would seize the people. They would give to that institution more substantial support. We take pleasure in presenting the picture of the building with this issue. It is a magnificent structure, finely equipped and a credit to the race.

THE CHURCH HOSPITAL AT MEMPHIS

The Christian Index

SOME of us have some knowledge of the effort of the church, especially the West Tennessee, North Mississippi, Little Rock and Arkansas Conferences, to establish a hospital at Memphis; but this editor was completely surprised at the magnitude of the effort, and sacrifice being made and the scope of the work being done by that institution. This surprise came upon a recent visit we made to that Hospital. The building is a handsome structure, built of press brick, a worthy tribute to the architectural skill and fine workmanship employed in its erection. It is three stories high and arranged to satisfy the purpose of its important mission. Its seventy-five doors and windows assure an abundance of both light and air so essential in such an institution. The hardwood floors, electric light and gas connections, electric bells for each ward, telephone service, plain and shower baths lend to the superb equipment of this much needed concrete expression of the "Good Samartian" spirit. The institution compares in every way favorably with like institutions we have seen elsewhere.

Dr. Wilson, one of the best surgeons in the country and Dr. R. G. Martin are amply competent to give efficient direction in such work. The institution employs regularly, aside from the Chief surgeons, one doctor, eight well trained nurses, a janitor and cook to give service to the sick and suffering who come to that hospital for treatment.

There is also the "Home Department" for aged people who are well cared for by the churches at a small cost. Several old people are there now spending their last days in peace and comfort. Never did the above named conferences plan more wisely than when they decided to establish and foster this worthy institution; and they will, of course, out of their religious zeal and love for humanity, push to a more glorious success the work so well begun. It is a credit, not only to the C. M. E. Connection, but to the race. It is a splendid tribute to the humanitarian spirit, love-embracing zeal, holy passion for human uplift, and the real Christ spirit by which noble-hearted men have been actuated in the establishing and carrying forward this work.

It is a wonderful opportunity for the ministers of the gospel to preach a gospel of helpful service to the people, thus exemplying the real Christianity—the Christianity of service—that must help and save the people. It is an opportunity for the people to give substantial expression to the religion they so enthusiastically talk and shout.

It is an opportunity for the crippled, the blind, the sick and suffering people to get some of the benefits of Christ's coming to earth.

This hospital is a challenge of our faith in the ability of our own people to maintain in decent and efficient fashion such an institution. It is a challenge of every humanity loving impulse that throbs in our hearts. It is a challenge of the noblest patriotism that ever actuated human beings, and the purest motives upon which any actions ever found a base. It is a challenge of our boasted learning, intelligence, religious zeal and consecration. It it is a challenge of the best there is in us, for the greatest among us are those who, in the the name of Jesus, render the best and most service to humanity.

PROVIDENT HOSPITAL HAS AFRO-AMERICAN HEAD NURSE

Miss Warlick Succeeds Miss Jeanette Lyons as Superintendent of Provident Hospital and Training School.

The Chicago Defender 10 Aug 14

Miss Warlick, called "an administering angel of health," a trained nurse of wide experience, who has been the assistant superintendent at Provident Hospital under Miss Lyons, has been appointed to succeed Miss Lyons, who resigned Oct. 1.

This is the first time that this institution has had a member of the race to be at its head. Miss Warlick is a splendid executive and is well liked both by the public, doctors and nurses. The Defender, a friend of the institution, wishes Miss Warlick success. May her good work be a blessing to those who come under her care. Already things seem brighter and more cheerful since she assumed her new duties.

BROKE GROUND FOR NEW HOSPITAL

The Chicago Defender 10 Aug 14

On Tuesday evening of this week "ground breaking" ceremonies were held on the site of the Lambert's Point Hospital. The Lambert's Point Hospital will be a private institution built and conducted by Dr. Wilbur Drake, it will be a two story building beautifully located on 42nd Street near Parker avenue at Lambert's Point within three blocks of the Elizabeth River. It will contain six private rooms, two wards, offices for the doctor and nurses, a modern operating and dressing rooms, hot and cold bath, spacious porches and modernly equipped throughout.

Some of the leading surgeons of the city will be on the consulting staff.

The people of Lambert's Point are lending their support to the movement and it is expected that the hospital will be ready for the reception of patients by the middle of September.

COLORED HOSPITAL CORNER STONE LAID

Lambert's Point Institution is First of its Kind to be Erected in Virginia

In the presence of several hundred people the corner-stone of the Lamberts Point Hospital, the first building of its kind to be erected in Virginia for the exclusive care of colored patients was laid Tuesday afternoon at 4 o'clock, under the auspices of Rising Sun Lodge, No. 2. A. F. and A. M.

The exercises incident to the laying of the corner stone were held in The First Baptist Church, of Lamberts Point, Dr. Wilbur A. Drake, president.

On the rostrum were Rev. D. Jennings, pastor, Rev. J. J. Mainor pastor of St. James A. M. E. Church, and Rev, D. J. Lee, rector of Grace Protestant Episcopal church. The program began with the sining of America "by the congregation, led by Rev. J. D. Ward, pastor of Pinner's Point Baptist Church. Rev. D. J. Lee read a Scripture lesson and Rev. Mainor offered prayer. Then followed an address by Dr. Drake, founder of the hospital, in which he outlined the need of such an institution of the work which had been begun. He then introduced Mr. P. B. Young, who made the principal address for the occasion. Mr. Young discussed the excessive death rate of the Negro race, locally and nationally, recited some of the causes and suggested remedies therefor. He quoted statistics to show how the death rate of the Negro race had gradually decreased since the advent of Negro physicians and nurses and Negro hospitals and private sanitariums. He followed by Rev. D. J. Lee, who made a brief and earnest appeal for the hospital.

The Premier Military Band furnished music for the occasion. Located at the corner of Parker avenue and Forty-second street, the Lambert's Point hospital will cost a little more than $10,000, will contain quarters for 16 patients and is amply provided with modern operating rooms and facilities waiting rooms, verandas and all modern conveniences.

Work upon the structure was begun about June 15th, money for the hospital having been subscibed by D. Wilbur A. Drake and several hundred other colored people, and its completion is anticipated not later November 1st.

Dr. Drake will be the physician in charge and the hospital will be at the service of Norfolk's colored physicians and their consulting staff. Dr. Drake stated yesterday he believed this institution would permit of a more general co-operation on the part of the colored physicians and citizens with the department of health.

This is the first time in the history of Virginia that a corner-stone has been laid for a building designed solely for the care of colored people, although there is such an institution in Richmond. This, however, was formerly a residence, and was made over as well as was possible for hospital needs.

A Hospital for Colored People

At the last Race Conference a movement was started to build in Columbia or near the city of Columbia a first class hospital for the colored people of the State of South Carolina. The campaign for funds for this purpose is now going on. Several white citizens have subscribed and paid One hundred dollars. A physician and friend in Columbia gives one thousand five hundred dollars. The Hon. E. H. Deas was among the first colored citizens to send in his subscription. Some have sent in one dollar while others have sent as high as twenty-five dollars. I. S. Leevy subscribe one hundred dollars.

Mrs. M. H. Bright of the Good Samaritan Hospital has been doing good work on the field for the hospital, She will spend the winter in the north. The Rev. F. Rivers Barnwell, A. B. T. B. B.T formerly of Beaufort S. C. but now of Fort Worth, Texas, is doing good work for the hospital, having raised nearly $250 in Beaufort, S. C.

Rev. Richard Carroll President of the Colored Hospital Association will leave the city in September to devote his time to lecturing and preaching throughout the South but will remain at the head of the hospital work at the earnest request of the citizens both white and colored.

$1,000 will be raised for this hospital which will be entirely under the management of the Negroes and open to all physicians It will not be denominational. Every man, yes, every woman can send in a subscription. All money contributrd by the colored people should be sent to J. H. Hoyt, President of the People's Bank or J. A. Roach or Mrs. M. H. Bright of the Good Samaritan Hospital, Columbia, S. C.

The members of the corporation are:— Richard Carroll, W. H. Young, I. S. Leevy, Ruth B. Carrol, Lillian J. Rhodes all of Columbia and Jonas Thomas, Bennettsville, S. C. Directors in each county of the State will be appointed as soon as the site for the hospital has been selected. A local committee composed of the members of the denominations is being appointed for the present.

Address all communications to Mrs. M. H. Bright, 1510 Gregg St. Columbia, S. C.

MORGAN-BUSCH SANITARIUM ON CORNER BOLL AND CENTRAL, DOORS WERE OPENED TO THE PUBLIC ON LAST MONDAY—STAFF TO BE APPOINTED LATER.

The Dallas Express
11/24/44.

All day yast Monday people were flocking to the opening of the only Negro Sanitarium in Dallas, and all expressed their hearty approval and agreeable surprise at what they saw. The building was well decorated with ferns, palms and chrysanthemums. The operating room in all its whiteness, even tempted the well to an operation, and the wards with their clean, white beds were evidence that the sick would get all the home comforts and the service of trained attendants at all times.

A nurse met all visitors and explained all things and their office girl presided at the punch bowl.

Drs. Morgan and Busch have spared neither pains nor money to make this a success and deserve the support of the public.

They wish to thank the ministers for the time given them on last Sunday and for their visit on Monday, also the physicians of the city and the public in general, and especially those that contributed to the charity ward as follows:

Mr. and Mrs. San Beed, six towels; Mmes. Pinkey Wilson, six towels; E. C. Cashaw, six towels; D. A. Crutchfield, six towels; G. A. Peace, four pillow cases, one sheet; Ella Gillstrap, two towels; Ethel Everett, four pillow slips, one sheet; Annie Hill, two towels, one sheet, two pillow slips; L. C. Hill, two pillow slips; Lucy Smith, flowers and two sheets; B. Jones, two towels, two pillow cases; B. Harris, two towels; M. Allison, five wash clothes; A. S. Jones, two towels; Leona Washington, two towels, two pillow slips; Della Hamilton, six towels; G. T. Smith, ferns; P. Frazier, two bed spreads; M. E. Gray, two bed spreads, S. J. Morgan, bed spread, ferns; L. C. Morgan. three sheets. flowers and table clothes; Williamson's drug store, cotton 1 lb., chloroform 1 lb., peroxide, 1 lb., iodoform gauze, 1 jar, gauze bandage 4, silk ligatue 2, and 50 cents; Misses Mary Shelton and Jackson, six towels; Mrs. E. E. Bundy, 1 pair pillow cases.

NEGROES WOULD BUILD HOSPITAL

Hold Mass Meeting at Sidney Park Church.

INTEREST IN MATTER

To Push the Raising of Funds for Institution to Be Erected in Columbia.

A mass meeting will be held at Sidney Park church, Blanding street, this afternoon, to develop sentiment for the building of a hospital in Columbia for the negroes of the State. All negro citizens are requested to be present. Special seats will be provided for white people who may attend. A special feature of the meeting will be singing by the church choir and the Y. M. C. A. quartette which will entertain with plantation melodies.

The meeting is called by Richard Carroll, president; R. B. Gardener, secretary; F. Rivers Barnwell, agent.

To the Editor of The State:

We are trying to push the matter of raising funds for the hospital to be built in the city of Columbia for the colored people of the State of South Carolina. I have been working in the State of Texas in one of our theological schools and shall return to that work next month, but while on my vacation here the Rev. Richard Carroll invited me to assist in this effort of raising funds for the colored hospital. I have been giving of my time very earnestly to the development of the same; I started in Beaufort, where Chas. E. Danner gave a cash subscription of $100 which was followed by many lesser subscriptions and cash by the other citizens both white and colored.

If ever there was a work that should command the attention of the citizens of South Carolina, it in this worthy effort. The colored population of the State is very large, as you know. There is not one public institution for the exclusive care of the patients of the race. There are a few white hospitals which give a little accommodation on the basement floor; there are also a few private colored institutions which are small; these are altogether inadequate to the demands and may cease to be at any time. Many of our colored people die for the lack of proper care during illness and there is a woeful spread of disease, which could be checked if proper sanitary measures were used, such as would be carried out by a hospital force and nurses. God forbid that we should stand by, looking upon these conditions and not raise a helping hand.

We are very anxious to raise $10,000 in Columbia for this work. Several citizens of Columbia as well as outside have contributed $100 each. I am appealing to the citizens at large to help us in this worthy effort. All checks from white patrons are to be made to B. F. Taylor, treasurer, those from colored patrons to J. A. Hoyt, treasurer. We ask, however, that all checks come through our office, so that we may take account of the same.

We are having a great mass meeting this afternoon at Sidney Park Methodist church to give expression to this work. We expect the advisory board to meet here on Monday to locate a site for the hospital building.

We earnestly solicit the cooperation of the citizens of Columbia and we are sure to get the hearty support of those on the outside.

F. Rivers Barnwell.

Columbia, August 29.

A Colored Hospital

It appears almost certain that the demand for a colored hospital in Norfolk will finally be met through the endeavors of Dr. Wibur Drake, one of our successful practicing physicians, who is sponsor for the new hospital which is to be erected at Lamberts Point. Ground has been broken for the new project and every indication points to the successful completion of the enterprise. Dr. Drake is to be commended for his efforts in this direction and should receive the unstinted support of all Norfolk citizens. One of the direst needs of this community is a colored hospital and in taking the initiative in the matter Dr. Drake, has made the beginning of what may be an inestimable blessing to the race.

Hospitals and Nurse Training Schools – 1914.

Survey 9-26-14

The first state tuberculosis sanatorium for colored people in this country has been secured in Delaware. The site for the new sanatorium is about half a mile from Hope Farm, and consists of several acres of well-wooded and well-watered land. A temporary building has been opened, but it is expected that accommodations for twenty patients will be ready this fall. The new hospital will be administered from the Hope Farm Sanatorium.

Hospitals and Nurse Training Schools—1914

J. W. Sanford, of Memphis, Tenn., has been awarded the contract for the building of a $50,000 bath house for negroes in Hot Springs, Ark.

Provident Hospital shared in Chicago's official flag day. Of the 3,500 prominent women who solicited funds for the city's charitable institutions, 104 were appointed to work especially for Provident Hospital and their work netted $1,300 for that institution.

J. ROSENWALD GIVES PROVIDENT HOSPITAL $500

Noted Philanthropist Promptly Sends Check for Money.—Promised Amount if Race Would Raise Like Sum, Which They Did At Once.

QUICK WORK PLEASES HIM

Tells Dr. George C. Hall That Loyalty of Race in Supporting Their Own Institutions Is a Step in the Right Direction.

Mr. Julius Rosenwald, the noted philanthropist, has again opened his heart and given $500 to Provident Hospital. Dr. George C. Hall showed the check to a Defender reported Wednesday. This donation was given because a simular sum was subscribed by the Afro-Americans of Chicago. Dr. Hall had a letter from Mr. Rosenwald stating that he was pleased to know that the members of his race were becoming so loyal to their charitable institutions that they felt it their duty to support them. The subscriptions to the hospital among the Afro-Americans, which netted the check, was conducted by Mr. Alfred Anderson, the secretary.

APPROPRIATION FOR PROVIDENT

Annapolis, Md., March 20.—Provident Hospital, Baltimore will get an annual appropriation of $2,000 during the next two years if the appropriation made by the General Assembly is agreed to by Governor Goldsborough. $3,000 each year was asked for as the hospital intends remodeling its building and placing itself on a more modern basis. 3-21-14

The following annual appropriations for the next two years, each of which has subject to approval, veto or pruning by the Governor, have been agreed upon for various colored institutions:

Home of Good Shepherd for Colored Girls, $3,000; Industrial Home for Colored Girls, $3,500; St. Elizabeth's Home for Colored Children, $4,000; Oblate Sisters of Providence, $1,000; St Mary's Home for Colored Boys, $750; St. Peter Clavier Industrial School, $500; St. Catherine's Home for Colored Girls, $500, Maryland Home for Friendless Colored Children, Catonsville, $750, and Shelter for Aged and Infirm Colored Persons, $500.

COLORED PEOPLE PLAN TO IMPROVE HOSPITAL

ORGANIZE CAMPAIGN TO RAISE $20,000 BY SUBSCRIPTION.

MASS MEETING TO BE HELD

A campaign to raise $20,000 for the state Sisters of Charity hospital will be begun in this city Monday morning. The work will be done by twelve organized teams and will continue ten days. The institution is situated at 1502 North Missouri street and was opened to the public June 15, 1911, for the purpose of taking care of patients coming under the direct supervision of both white and colored physicians. It was first brought to the minds of the members of the Sisters of Charity organization, at the South Calvary Baptist church, by Mrs. Melinda Thomas, its first president.

During the meetings held to increase the interest in the project and to perfect plans for its establishment, a number of citizens pledged their support with the Colored Medical Society of this city. After persistent efforts they succeeded in obtaining the site, on which more than $1,000 has been paid. The work up to the present time has come from the various subordinate charity lodges which have responded to every call and have established auxiliaries to aid in the work.

Hospital Meets Great Need.

The hospital has served a splendid purpose, accommodating diseased and sick colored people, some of whom could afford to pay a very small price, but most of whom were unable to pay anything. The property has been leased with an option to buy, from Mr. Victor. For emergency work among the colored people it could not be better situated.

The site embraces nearly a quarter of a square. It is property which will produce a rental of approximately $115 a month, is in good repair and especially well fit for the purpose of a hospital. As an investment it is probably worth from twelve to thirteen thousand dollars. The subscription is headed with $5,000 from J. H. Victor, if $15,000 is raised.

It is purely a charity institution and the only one of its kind among colored people. It is indorsed by the associated charities committee of the Chamber of Commerce.

Building to Be Improved.

The object of the campaign is to raise money for the purchase and to remodel the present structure, making it more suitable for a first-class hospital. The institution also offers a department for the training of young women who desire to become trained nurses. It is under the direct supervision of Mrs. Lutia Smith, a graduate of the Red Cross hospital, at Louisville, Ky. At this time there are three young women taking training.

The headquarters for this campaign is the office of the L. B. Willis undertaking establishment, 413 W. Michigan street. The teams with their captains will report each evening. W. A. Kersey is general chairman, J. M. Porter, treasurer; Ada Goins is state president, and Ella Settles, secretary.

There will be a mass meeting Sunday afternoon at 2 o'clock in the interest of the movement at Ebeneezer Baptist church. For all information call New 3044; old Main 3022, or call 413 West Michigan street.

PLAN INSTITUTION FOR NEGRO UPLIFT

10 September 1914

Trustees of Mercy Hospital Will Move to Rural Section With Enlarged Scope

Philadelphia Star

AIM AT SOCIAL SERVICE

Trustees of Mercy Hospital, Seventeenth and Fitzwater streets, are contemplating the removal of the institution to a rural district and the enlargement of its scope. This plan anticipates the establishing of the most comprehensive social service plant in the world devoted to the uplift of the colored race.

A farm site for the proposed plant is now being sought in Philadelphia county by the trustees, and when a suitable place shall have been secured buildings will be erected for the proper housing of convalescents, orphans and negro deficients who require changed environment, vocational training and hospital treatment along with general education.

The number of colored physicians and nurses have multiplied in recent years until it is now possible to not only equip a hospital of metropolitan proportions with the most modern appliances for all departments of medical and surgical work, but it is also practical to people it entirely with colored physicians, surgeons, pharmacists and nurses, all of whom possess the peculiar knowledge essential to the proper handling of colored patients.

The most intimate study of the negro and his problems has convinced the twenty-four colored physicians on the staff of Mercy Hospital that until colored people can be taught personal hygiene, general sanitation and the common rudiments of health preservation all social service in behalf of the colored race is futile.

The management of Mercy Hospital, which is entirely a philanthropic institution, proposes to establish a large plant in rural Pennsylvania which will not only house the colored orphan but care for the colored adult during the period of convalescence and to make both self-supporting and self-respecting through vocational training.

A committee including Dr. A. B. Jackson, Dr. E. T. Hinson, and Dr. H. M. Minton has been named to work out a detailed plan for submission at the next meeting of the Board of Trustees.

SING FOR NEGRO HOSPITAL

More Than $500 Is Raised by Chorus of One Hundred Voices.

More than $500 for the proposed negro hospital at Mesquite and Nebraska Streets was received last night from the sale of tickets to the entertainment by negro musicians at the Plaza Theater.

O. J. Carter, president of the hospital committee, expects the program tonight, a duplication of the one last night, will net an additional $500, which will pay the remainder of the indebtedness on the lots and insure the erection of the buildings. Seats are reserved for whites.

"It is the first time grand opera has been sung in San Antonio by Negroes," last night said Dr. W. M. Drake, assistant secretary of the committee and a pioneer in the movement for the hospital, which originated three years ago. "The chorus has practiced for weeks. The committee worked hard. We are more than satisfied."

The program includes selections from grand opera, religious arias and negro folk songs. The chorus embraces 100 voices. It is directed by Arthur Rudolph Grant, professor of Greek, Latin and vocal music in Sam Houston College at Austin. Costumes are employed in many of the parts.

The scenes include a carnival park, the interior of a church, a parade of sailors, an Italian garden, an Indian camp and a concert hall.

The musical numbers and character parts follow:

"The Band" (Pasquale), Adamson and chorus; "Who Will Buy," "Sing On," "Lil' Gal," "Kentucky Home," Arthur Rudolph Grant, assisted by Messrs. Adamson, Walker and Browne; "Ave Maria," by the Herald of Cross, Miss Chisom; Processional, "Jerusalem," choir; offertory, "Qui Tollis," quartette, Miss Kirkpatrick, Mrs. Howell, Messrs, Porter, Walker and choir; recessional, "Herald Angels," choir; "Amen, Amen, Amen," "Out of the Deep," Sylvanus Browne; "Rigoletto" Quartette (Verdi), Gilda, Miss Ann Washington; Magdalena, Mrs. A. E. Walker; Duke, Arthur Rudolph Grant; Rigoletto, Eldridge Woods; "Big Chief," G. M. Ferrell; "Winona," Miss Carrie Thompson; grand promenade, "To Thee, O Country," chorus; flag bearers, Mesdames Sneed; Montimere, Misses Roy, Green; "Carmen" waltz, Miss Maude McConn; negro folk song, "Swing Low," Mesdames Woods, Wilson, Misses Goodpastor, Thompson, Armstrong, Kirkpatrick and chorus; negro folk song, "Bye and Bye," Granvil Adamson and chorus; "Answer," Arthur Rudolph Grant; "Ma Pickaninny Babe," Grant, assisted by Messrs. Adamson, Woods and Browne; "Gloria," (Mozart), quartette, Miss Buchanan, Mrs. Dixon, Messrs. Glenn, Smith and chorus; violinists, Professor Haywood, Mrs. Landry, Miss Holland, Dr. Moses, Mr. Smith; cornetist, H. W. Hawkins; accompanists, Mesdames Elsford, Howell and Miss Truman.

TO BUILD PYTHIAN SANATARIUM

Hot Springs, Arkansas, June 17—The Pythian Temple Sanatarium Commission met in the City of Hot Springs June 1st, for the purpose of letting the contract for the rebuilding of the Pythian Sanatarium destroyed in the fire of last September.

In a very short time work will be at its height and a bath house for the rally much needed institution will be a reality rather than a dream. In addition a thoroughly equipped sanatarium will be above the bath house for the care of afflicted brethren.

The personnel of the commission is as follows: S. W. Green, New Orleans, La.; Jos. L. Jones, Cincinnati; Dr. E. E. Underwood, Frankfort, Ky.; Dr. F. J. Stoney, Augusta, Ga; Dr. C. M. Wade, Hot Springs, Ark; Rogers Sherman Texsa; John Harris, Merian Miss.:

DIVISION OF BEHAVIORAL SCIENCE RESEARCH REEL 2

A New Colored Hospital

The colored people of Wilson, N. C., have completed and opened for the reception of patients a splendidly equipped hospital. The building was erected at a cost of ten thousand dollars. Special attention will be given to the treatment of tubercular patients. What the colored people of the city of Wilson have done in this respect could be done in every city in the South. It shows what can be done with capable leadership. Dr. F. S. Hargrave of Wilson is the founder and leading spirit in the movement. He has been ably assisted by Mr. S. H. Vick and Mr. J. D. Reid, public spirited citizens who have the interests of the race at heart. The white citizens of Wilson contributed largely toward the cause.

DR. McMILLAN CALLED TO GUTHRIE.

Guthrie, Ky., Oct. 6, 1914—Dr. J. A. McMillan, Professor of Gynecology in Meharry Medical College of Nashville, Tenn., was called here to perform an operation at the State Line Infirmary, of which Dr. W. J. Waytes is Surgeon-in-chief.

The diagnosis was correct, and a nodgalated fibroid tumor with many adhesions and of considerable size was removed.

The patient is now resting well with no bad after effects.

Dr. McMillan is a physician of extended experience and demonstrated this fact during his operation. All of Guthrie is hoping for his continued success and his early return to the State Line Infirmary.

15 November 1914

WILL BUILD NEGRO HOSPITAL IN S. C.

White Citizens Have Raised $10,000—Surgery Now Denied 750,000 Africans

LUMBIA, S. C., Nov. 14.

A plan to build the first hospital in the state for negroes has been started by white citizens of this state, who have already $10,000 for the work.

The urgent need for such an institution was brought to the attention of prominent citizens recently, when it was estimated that 750,000 negro population in the state was unprovided for, there being no public hospital which would receive negroes for care or treatment.

It has been found that great numbers die for want of surgical and sanitary treatment, and the danger of infection to every one was increased by lack of attention to their care. Men and women in the state are working together in an active campaign to raise sufficient funds to complete and equip the hospital, which will cost $50,000.

TO RAISE FUND FOR SANITARIUM

Petersburg Va., December 17.—Alarmed by the recent report of the State Board of Health that there is an excessive death rate among the colored people from tuberculosis, the Negro Organization Society is endeavoring to raise funds to equip a sanitarium. Part of the funds will be raised through the sale of Red Cross Christmas seals. Any communications or donations may be sent to Prof. J. M. Gandy, of this city, the executive secretary of the Negro Organization Society.

Dr. George C. Hall Returns Home.

Dr. George Cleveland Hall has returned home after a week's visit in the South. He went to the state of Georgia, Macon and Atlanta. Establishing hospitals for the race in the South has been the aim of the leading physicians in that section and Dr. Hall has been selected to dedicate them. The George Cleveland Hall" hospital at Birmingham, Ala., with Miss Carter as the head nurse, and Dr. Mason and Dr. Bryant as chief surgeons, is doing a splendid work. White men of influence of the South are beginning to see that just in proportion as the colored people have good health, just in that same proportion will this help them.

COLUMBIA, S. C., HAS NEW HOSPITAL

Columbia, S. C., Dec. 11—(Special).—Dr. Matilda Evans, of Columbia, S. C., who probably has the largest practice of any Afro-American physician in the state, has recently erected a hospital in this city. The opening of the hospital celebrated her seventeenth anniversary as a practicing physician.

NEGRO CITIZENS HELP GET HOSPITAL MONEY.

Special to THE NEW YORK AGE

PATERSON, N. J., Feb. 18.—An effort is being made by the Paterson General Hospital managers to raise $100,000 in ten days. The responses of the colored citizens have been very good and encouraging. The Rev. Mr. Walker, the Rev. Mr. Williams and Mr. Hopper head the colored citizens' committee.

First Graduate East Side Sanitarium Nurse Training School

The Savannah Tribune 1-31-

Miss Phenie Moore of Brunswick, Ga., has the distinction of being the first graduate of the nurse training department of the East Side Sanitarium. Miss Moore finished her course on the 15th of the month and will practice in her home town.

The Little Rock Colored Infirmary is doing finely and showing what enterprising and skilled Negroes can do toward taking care of the afflicted ones of their own race. Mrs. G. Hayman is the painstaking superintendent in charge and is assisted in his operations by Dr. Ish, one of the race's best surgeons. The head nurse is Miss Moore, sent to the Infirmary by Dr. Booker T. Washington. The Mosaic Guide says Miss Moore is making good and is coming up to the high recommendations given by the head of Tuskegee Institute. She is not only a graduate of the nurse-training department of Tuskegee Institute, but holds a diploma from an English school of obstetrics and has a class of young ladies in training under her.

The Pythian Bath House, recently destroyed by fire at Hot Springs, Ark. is being rebuilt at a cost of $50,000. When completed it will be the finest bath house and sanitarium in the world, owned by Negroes—it ought to be!

Mass Meeting Tomorrow—Several Subscriptions of $100 Each From White Wellwishers.

(Written for The State.)

The Rev. Richard Carroll states that the movement for a greater hospital for the negroes at Columbia is making progress. A mass meeting will be held at Sidney Park Methodist church Sunday afternoon at 3:30 o'clock to awaken enthusiasm.

Among the contributers outside of Columbia who have lately sent in their checks to B. F. Taylor are: E. S. Joynes, $100; E. D. Evans, Bennettsville, 100; R. J. Alderman, Alcolu, $100; Charles E. Danner, Beaufort, $100; P. L. Parr, Newberry, $100.

There are several other persons in Columbia and elsewhere in the State who have subscribed $100 each.

It is probable that the advisory board will meet Monday afternoon to locate a site for the hospital. The following are members of the board: E. C. Ridgell, Batesburg; Robert Lide, Orangeburg; C. E. Jones, Bennettsville.

"We invite all citizens of Columbia to be present Sunday afternoon," said Richard Carroll yesterday.
